

ProMelt™

ENHANCED

Professional Ice Melter, Professional Performance

ProMelt Enhanced delivers superior ice melting results at temperatures as low as -5°F. Treated with a high performance blend of magnesium chloride and an organic enhancer it melts snow and ice fast.

**Safer for
Pets, Plants
and People**

ProMelt™

ENHANCED

Features and Benefits:

ProMelt Enhanced is specially formulated to melt snow and ice fast.

- Liquid treated, active crystals for faster melting
- Effective at temperatures as low as -5°F
- Safer for pets, plants and people
- Protects equipment from corrosion caused by salt
- Long lasting residual effect reducing re-application frequency
- Better for the environment

Sodium & Chloride Ion Reduction Chart

	Rock Salt	ProMelt Enhanced
Application Rate	8.04 oz./Sq. Yard	2.01-2.68 oz./Sq. Yard
Chloride Ion Contribution	4.88 oz./Sq. Yard	1.22-1.63 oz./Sq. Yard
Sodium Ion Contribution	3.16 oz./Sq. Yard	.79-1.05 oz./Sq. Yard

Product Application

When applying in general conditions, evenly sprinkle 1/4 to 1/3 cup of ProMelt Enhanced per square yard (metre) for driveways and walkways. Melting begins immediately and continues longer than many other alternative de-icers. Shovel off slush. Thick accumulations of ice may require additional applications. For best results, remove all loose snow and slush from driveways, steps and walkways before applying.
