

ProMelt™

ESSENTIAL

Professional Ice Melter, Professional Performance

ProMelt Essential delivers quick ice melting results at temperatures as low as -18°C and is optimally sized for easy spreading and reduced tracking indoors.

ProMelt™

ESSENTIAL

Features and Benefits:

ProMelt Essential is specially formulated to work faster than rock salt.

- Multi chloride crystals for faster melting
- Effectively sized for easy spreading
- Effective at temperatures as low as -18°C
- Reduced tracking indoors
- Natural pink colour helps prevent over application
- 100% natural

Sodium and Chloride Ion Reduction

	Rock Salt	ProMelt Essential
Application Rate	288 g/m ²	57 to 76 g/m ²
Chloride Ion Contribution	138.3 g/m ²	34.6 to 46.10 g/m ²
Sodium Ion Contribution	89.7 g/m ²	22.4 to 29.9 g/m ²

Product Application

When applying in general conditions, evenly sprinkle 1/4 to 1/3 cup of ProMelt Essential per square metre for driveways and walkways. Melting begins immediately and continues longer than many other rock salt products. Shovel off slush. Thick accumulations of ice may require additional applications. For best results remove all loose snow from driveways and walkways before applying.
